Delmire Hart : Choose Me before purchasing it in order to gage whether or not it would be worth my time, and all praised Choose Me:

0 of 0 people found the following review helpful. I loved this book!By MLMThe book was very well written. I'd did have tiny editing errors, but the imagery of the story telling you barely registered it as you followed up the words of the page, until later. The book was very well balanced. I enjoyed it quite a lot, and look forward to reading others books from the author.0 of 0 people found the following review helpful. 5 StarsBy CustomerWhat a beautiful story this is. I think the alpha fell in love with Toru in the begining and new that he was his mate. He was very patient and waiting for Toru to choose him. Toru is so powerful I love it. A kick ass omega and a manly powerful prince. What not to like?. Enjoy the ride.0 of 0 people found the following review helpful. Great readingBy MarialeIt was exciting, the angst in there made me sad and with a kind of anxious, but it was well developed towards and end. I really enjoyed the whole piece.

Toru wields the element of ice, a gift from his patron goddess, Yharis. He joined the army illegally to help in the war efforts and would give his life to save the town of Niska from the invading forces. At least, that was his plan. He might have saved the town but instead of dying, he finds himself behind enemy lines and being given as a gift to a powerful man. The alpha gives him a choice: be his slave or be sold to the brothels. Lose his freedom or die. What kind of impossible choice is that? Toru, an omega, is given until his next heat to decide, but is the choice as it seems? Why does it feel like there is more to the alpharsquo;s motives than meets the eye? ~60,000 words. Warnings for violence, PTSD, and erotica. Open ending.
